

Instructions for putting this thing together

Print this on 8 1/2 X 11 heavy paper. This one is on 110# paper Cut it out. Cut on the xxxxx

From this side, crease down at theto make a corner, and put the slits together.

If you will use it pinned up on a bulletin board, you need to (once put together and on the back) bend over the top of the tabs and put a piece of tape across those bends. If you don't, the weight of the fliers will pull the bottom down.

Two thumbtacks or pushpins will hold it to any bulletin board.

PLEASE, ask to put them up wherever you can, and once up, check them as often as you can.

This template and flyer designs are available from the Canadian Square & Round Dance Society website www.squaredance.ca/
(Publicity/Public Rel and Pr Material or <http://www.csrds.ca/promotion.htm#PROMOTION>)
